

Rock River Linux Users Group

can help you learn how to leverage your computer, increase your computer reliability, minimize security risks, and have a little fun along the way. Do you work for a church, school, non-profit organization, or just don't want to spend all your hard earned money feeding an ungrateful corporate giant? Linux could be the answer!

Linux
Scripting Languages
Open Source Software
Program Development
Graphical Desktops
Image Processing
Linux Games
Web Servers

Training
System Usage
Installation Help
Leverage Technology
System Testing
Administration
Installfests
Contests

**Meetings are held on the
third friday of each month
at Rockford College. We start at 6:30pm
in room #16 in Scarborough Hall.**

***Everyone is cordially invited to attend. If you're
interested we can help!***
